McKenzie Tank Lines is a 7 days a week, 24 hours a day operation; drivers operate under the 70 hour rule. Our driver’s hours are irregular and a driver’s day may begin in the very early morning hours. We require that our drivers have a telephone so that they may readily be contacted. Would you be able and willing to meet these requirements of a service oriented business?

QF – 9.2.149
Revision 10/22/01
All drivers are required to pass a D.O.T. physical and D.O.T. controlled substance testing, we also require a respiratory medical examination/questionaire for each of our drivers that will be required to wear a respirator. Accepted company driver applicants are charged for the first physical only (unless restricted by State law). Applicants are responsible for obtaining any required follow-up treatment for D.O.T. qualification at their own expense. You are required to report any positive pre-employment drug or alcohol test administered by an employer to which you applied, but were not hired in the previous two years. Do you have any objections to the regulatory requirements or the charging policy? Did you test positive for any pre-employment drug or alcohol testing administered by an employer to which you applied, but were not hired? If yes, please provide the company.

Required driver duties include: lifting & dragging hoses weighing up to 50 lbs., opening & closing gate valves on tractors/trailers - 75 lb. torque, raising & lowering landing gear - 50 lb. torque, lifting & swinging 75 lb. loading spout, climbing up and down vertical tank ladders, and close contact with varied chemical odors and fumes; (vans require: opening and securing van doors, climbing into container for inspection). Are you able to perform the essential functions of the job with or without accommodation?

Some of our terminals experience seasonal fluctuations in business, which cause a reduction in available work at the driver’s home terminal. Conversely, most terminals will on occasion experience a sudden increase in business that requires additional driver help to satisfy customer needs. Because of these fluctuations our policy is to utilize our drivers within our multi-terminal locations to the Company’s and the driver’s best interest. Drivers are required to work out of town as needed. Do you have any objection to this requirement?
